

DRAINLINES TO MAINLINES

EVERYTHING YOU NEED TO UNCLOG ALL DRAIN AND SEWER LINES

Model C (3" - 10" lines up to 200')

- Direct cable drive off front of machine allows 500 RPM cable rotation (twice that of drum machines) and distances over 200'
- Enclosed 1/2 H.P. capacitor motor with custom-built gear mechanism gives you longer life and plenty of drain and sewer cleaning power
- Weighs only 75 lbs. for easy handling and transporting
- Folding handle makes for compact storage and allows use in crawl spaces
- Unique carry handle for balance and easy handling
- Adjustable clutch protects machine and cable from overload in tough stoppages and gives operator more power at the turn of a screw

NEW
Auto Cable Feed!

Model CT (3/4" - 2 1/2" lines up to 50')

- Unique variable speed motor control gives operator maximum cable control and exceptional cleaning power from 75 to 350 RPM with constant torque
- Powerful and quiet 1/5 HP, 90 Volt DC motor
- Standard unit features a hand tighten Jacobs Chuck. Also available with a 2-way auto cable feed that keeps hands off rotating cable as it advances and retrieves cable with the push of a lever
- Cable guide hose eliminates cable whipping and helps keep work area clean
- Stainless steel cable drum will not rust, resists denting
- Two position vertical upright or horizontal operation
- Built-in GFCI on 20' line cord protects operator from electrical shock
- Runs 1/4", 5/16", and 3/8" cable

Auto Cable Feed!

Model D-5 (3" - 10" lines up to 100')

- High density polyethylene drum and belt guard will not rust or dent
- 3 sealed heavy-duty ball bearings, support for drum and thick wall guide tube for extended wear
- Large 10" solid wheels for stabilization of unit while in operation
- Heavy-duty, 1/2 H.P. capacitor type motor produces more torque and plenty of power
- 5 position height adjustment on handle
- Continuous belt skids and wheel on handle for safe and easy loading
- Quick remove continuous cable feeder and drum

Model 325 (4" - 14" lines up to 500')

- Direct drive of self-feeding cable
- Rugged steel base and heavy-duty clutch withstand rough use
- Pneumatic roller bearing wheels maneuver over all types of terrain
- Conveniently located foot-operated automotive clutch pedal
- Removable handle and retractable gear shift allow compact storage
- 6.5 H.P., 4-cycle IC Briggs and Stratton engine with recoil starter
- A 3-speed/reverse transmission with automotive-type Rockford clutch
- Contractor and municipal use

NEW
Auto Cable Feed!

Model Z5-P-AF (1 1/4" - 3" lines up to 100')

- 2-Way auto cable feed advances and retrieves cable with the push of a lever (manual cable feed also available)
- Cable guide spring keeps hands off rotating cable for added safety and better handling
- Runs up to 100' of 1/2" diameter cable
- Built-in drum shaft slip clutch
- Rugged 1/3 H.P. motor
- Upright frame with 10" wheels and folding handle
- Wheel brake stabilizes unit while in operation
- Unique inner drum eliminates cable tangling in drum
- 20 Ft. power cord with GFCI

Model 800 (4" - 24" lines up to 650')

- Infinitely variable drive speed system
- 8 H.P. gas or 9 H.P. diesel engine
- Runs up to 650'
- Hydrostatic transmission
- Safety clutch for cable overload protection
- Uses 8" heavy-duty municipal dual cable
- Removable handle for compact storage and transport
- High pressure hose rated up to 3000 PSI
- Ideal for contractors and municipalities
- Optional cable reel
- Wide variety of cleaning tools available
- 10" pneumatic tires for easy maneuverability
- Portable and powerful
- Contractor and municipal use

Also Available w/Auto Cable Feed!

Model E (1 1/4" - 3" lines up to 75')

- Built-in drum shaft slip clutch
- Unique inner drum design eliminates cable buckling
- Rear bar to shield motor and allow for two position operation
- Epoxy powder coated drum helps deter corrosion
- Rugged 1/3 H.P. motor
- Heavy-duty steel tubular frame
- Built-in GFCI on a 20' line cord protects operator from electrical shock. Cord wraps for easier transport
- Runs up to 75' of 3/8" or 1/2" diameter certified music wire cable with *genuine* galvanized aircraft wire inner core

Model S (1 1/4" - 2 1/2" lines up to 35')

- Commercial grade 1/2" heavy-duty drill
- Double insulated drill for shock protection
- Compact and lightweight
- Lightweight stainless steel cable drum won't rust, break or crack
- Cast aluminum hand guard is designed for safety and ease-of-use
- Hand-tighten cable chuck
- Expanded end or drop head cable in 15', 25', 35' lengths

Model N (1 1/4" - 3" lines up to 100')

- Runs up to 75' of self-feeding Dualmatic cable in low-maintenance 5' sections
- Rugged 1/3 H.P. motor with built-in safety clutch
- Cast aluminum inner drum and cable guide to eliminate tangling in the drum
- Drum removes quickly and easily
- Convenient foot operating switch
- Built-in GFCI on a 20' line cord protects operator from electrical shock
- Optional 2-wheel cart for easy transport

Model K (1 1/4" - 3" lines up to 100')

- Easy to use hand operation
- Runs up to 100'
- Powder coated steel cable cage rotates freely
- Self-aligning bearings
- Thumbscrew locks cable at front of cage
- Comes with 1/2" diameter monowire cable or 1/2" aircraft wire reinforced inner core cable

Electric Eel

DRAIN CLEANING TOOLS FOR PROFESSIONALS

HIGH PRESSURE ELECTRIC & GAS EEL JET JETTERS

NEW

EJ1500

- Cleans 1/2"–4" dia. drain lines
- 1500 PSI / 1.7 GPM
- 1.5 H.P., 15 AMP motor
- Duplex pump w/pulsation
- Reel capacity 150' of 1/4" hose
- Pump/motor assembly removes in seconds for added portability
- Sturdy 10" pneumatic tires for ease of transport
- Thermal relief valve and inlet shut off valve
- Removable handle/reel on cart assembly
- Utilizes 1/8" & 1/4" dia. jet hose
- 20' power cord w/GFCI.

NEW

EJ3000

- Cleans 2"–8" dia. lines up to 300'
- 13 HP overhead valve engine for smooth quiet running and dependable operation – **Electric Start Available**
- 2-to-1 gear reduced triplex pump with pulsation for longer life
- 300 Ft. Capacity Hose Reel
- 12" pneumatic tires for easy maneuverability on rugged steel base with front bar for motor protection
- Heat shield to protect hose
- Convenient nozzle storage on unit
- Throttle back control automatically adjusts engine speed
- Low tone muffler for quiet operation
- Utilizes 1/4" and 3/8" dia. jet hose.

Pipe Thawing Machine

Thaw frozen pipes fast!

- Thaws lengths of copper or steel pipe up to 75' depending on O.D. of the pipe
- Faster than a torch, safer than a welder
- Thaws pipes by safe, low voltage, high amperage power
- 2 Models available: UES 190D & 200D
- Standard equipment includes 115 V power pack, Two (2) 25' heavy-duty cables with pipe clamps, and a circuit breaker to protect against overloads.

EEL CAM™ PIPELINE INSPECTION SYSTEMS

NEW

EC-8SD System

- Highly portable and rugged color camera inspection system
- Digital recording via SD video recorder (Secure Digital) flash card
- Compact control unit with 8" LCD monitor weighs only 10.4 lbs.
- On screen display of date, distance and time with 8 pages of memory, keyboard included
- 1.3" dia. color camera with 512HZ sonde (also available with self-leveling color camera)
- Microphone • Camera test port
- Variable light knob
- Standard with 200' of gel-rod push cable
- Compact and ultra portable console in a heavy-duty carry case

NEW

EC-10LCD System

- New smaller (1 3/8") self-leveling color camera
- 10.4" LCD Monitor
- On-screen counter with keyboard
- Super portable console in heavy duty carry case
- In-line sonde
- DVD
- Microphone
- 110 VAC 12 VDC operation
- Standard with 200' of gel-rod push cable
- Lightweight 30" cable reel with brake
- Console weighs only 23 lbs.
- Compact and portable

NEW

EC-5 Economy-Cam System

- Compact camera design – B&W (EC-5) or COLOR (EC-5C) 1.2" dia.
- 5" B&W or COLOR monitor
- Shock and water resistant rugged camera module
- High intensity LED lighting with polycarbonate cover
- Lightweight and highly portable cable reel
- **130' of gel-rod push cable**
- 512 HZ In-line transmitter
- Available with self-leveling color camera

COLOR OR B&W!

EC-5 Micro-Cam System

- Super small solid state CCD black & white camera measures only 3/4" dia. Color camera measures only 1" dia.
- Lightweight and highly portable cable reel
- 5/16" dia. push cable for maneuvering in small lines
- **130' of gel-rod push cable**

Buzz Box

- Traces utilities or other underground metallic lines
- Complete with cables and ground rod
- Operates at four industry standard frequencies
- Compact and durable weatherproof case

LF2000

- Locates 512Hz sondes in cast iron and nonmetallic lines

LF2200

- For use with Buzz Box and multiple frequency sondes

Closet Auger

- 3' music wire cable for greater flexibility
- Heavy-duty zinc plated construction
- Protective tubing helps prevent marring of toilet bowl

Hande (1"-2 1/2" lines up to 35')

- Opens clogged sinks, lavatories, bathtubs and shower stall drains
- Heavy-duty steel drum holds up to 35' cable
- Runs 1/4" and 5/16" diameter cable
- Convenient thumb screw locks cable securely

Cables for every need

- Self-feed **Dual Cables** for 3"-10" lines available in regular, heavy-duty and municipal
- **J Cables** with dual cable benefits for 2"-4" lines
- **Tri-Max** 3/4" or 5/8" cable with slot or keyhole end fittings to fit most drain cleaning machines
- 1/2" **Aircraft Wire Reinforced Cables** with front & rear fittings (available in **No Core**)
- **Aircraft Wire Reinforced Cables** (5/16" and 3/8") for use with Drop Head series tools
- **Expanded End Aircraft Wire Reinforced Cables** with bulb end & no rear fittings (5/16", 3/8")
- **Expanded End Cables** to negotiate pipe traps & drain cross bars (1/4", 5/16", 3/8")
