

DRAINLINES TO MAINLINES

EVERYTHING YOU NEED TO UNCLOG ALL DRAIN AND SEWER LINES

Model C (3" - 10" lines up to 200')

- Direct cable drive off front of machine allows 500 RPM cable rotation (twice that of drum machines) and distances over 200'
- Enclosed 1/2 H.P. capacitor motor with custom-built gear mechanism gives you longer life and plenty of drain and sewer cleaning power
- Weighs only 75 lbs. for easy handling and transporting
- Folding handle makes for compact storage and allows use in crawl spaces
- Unique carry handle for balance and easy handling
- Adjustable clutch protects machine and cable from overload in tough stoppages and gives operator more power at the turn of a screw

Auto Cable Feed!

Upright Position

Model CT (3/4" - 2 1/2" lines up to 50')

- Unique variable speed motor control gives operator maximum cable control and exceptional cleaning power from 75 to 350 RPM with constant torque
- Powerful and quiet 1/5 HP, 90 Volt DC motor
- Standard unit features a hand tighten Jacobs Chuck. Also available with a 2-way auto cable feed that keeps hands off rotating cable as it advances and retrieves cable with the push of a lever
- Cable guide hose eliminates cable whipping and helps keep work area clean
- Stainless steel cable drum will not rust, resists denting
- Two position vertical upright or horizontal operation
- Built-in GFCI on 20' line cord protects operator from electrical shock
- Runs 1/4", 5/16", and 3/8" cable

Auto Cable Feed!

Model D-5 (3" - 10" lines up to 100')

- High density polyethylene drum and belt guard will not rust or dent
- 3 sealed heavy-duty ball bearings, support for drum and thick wall guide tube for extended wear
- Large 10" solid wheels for stabilization of unit while in operation
- Heavy-duty, 1/2 H.P. capacitor type motor produces more torque and plenty of power
- 5 position height adjustment on handle
- Continuous belt skids and wheel on handle for safe and easy loading
- Quick remove continuous cable feeder and drum

Model 325 (4" - 14" lines up to 500')

- Direct drive of self-feeding cable
- Rugged steel base and heavy-duty clutch withstand rough use
- Pneumatic roller bearing wheels maneuver over all types of terrain
- Conveniently located foot-operated automotive clutch pedal
- Removable handle and retractable gear shift allow compact storage
- 6.5 H.P., 4-cycle IC Briggs and Stratton engine with recoil starter
- A 3-speed/reverse transmission with automotive-type Rockford clutch
- Contractor and municipal use

NEW Auto Cable Feed!

Model Z5-P-AF

- (1 1/4" - 3" lines up to 100')
- 2-Way auto cable feed advances and retrieves cable with the push of a lever (manual cable feed also available)
 - Cable guide spring keeps hands off rotating cable for added safety and better handling
 - Runs up to 100' of 1/2" diameter cable
 - Built-in drum shaft slip clutch
 - Rugged 1/3 H.P. motor
 - Upright frame with 10" wheels and folding handle
 - Wheel brake stabilizes unit while in operation
 - Unique inner drum eliminates cable tangling in drum
 - 20 Ft. power cord with GFCI

Model 800 (4" - 24" lines up to 650')

- Infinitely variable drive speed system
- 8 H.P. gas or 9 H.P. diesel engine
- Runs up to 650'
- Hydrostatic transmission
- Safety clutch for cable overload protection
- Uses 8" heavy-duty municipal dual cable
- Removable handle for compact storage and transport
- High pressure hose rated up to 3000 PSI
- Ideal for contractors and municipalities
- Optional cable reel
- Wide variety of cleaning tools available
- 10" pneumatic tires for easy maneuverability
- Portable and powerful
- Contractor and municipal use

Also Available w/Auto Cable Feed!

Model E (1 1/4" - 3" lines up to 75')

- Built-in drum shaft slip clutch
- Unique inner drum design eliminates cable buckling
- Rear bar to shield motor and allow for two position operation
- Epoxy powder coated drum helps deter corrosion
- Rugged 1/3 H.P. motor
- Heavy-duty steel tubular frame
- Built-in GFCI on a 20' line cord protects operator from electrical shock. Cord wraps for easier transport
- Runs up to 75' of 3/8" or 1/2" diameter certified music wire cable with genuine galvanized aircraft wire inner core

Model S (1 1/4" - 2 1/2" lines up to 35')

- Commercial grade 1/2" heavy-duty drill
- Double insulated drill for shock protection
- Compact and lightweight
- Lightweight stainless steel cable drum won't rust, break or crack
- Cast aluminum hand guard is designed for safety and ease-of-use
- Hand-tighten cable chuck
- Expanded end or drop head cable in 15', 25', 35' lengths

Model N (1 1/4" - 3" lines up to 100')

- Runs up to 75' of self-feeding Dualmatic cable in low-maintenance 5' sections
- Rugged 1/3 H.P. motor with built-in safety clutch
- Cast aluminum inner drum and cable guide to eliminate tangling in the drum
- Drum removes quickly and easily
- Convenient foot operating switch
- Built-in GFCI on a 20' line cord protects operator from electrical shock
- Optional 2-wheel cart for easy transport

Model K (1 1/4" - 3" lines up to 100')

- Easy to use hand operation
- Runs up to 100'
- Powder coated steel cable cage rotates freely
- Self-aligning bearings
- Thumbscrew locks cable at front of cage
- Comes with 1/2" diameter monowire cable or 1/2" aircraft wire reinforced inner core cable

Electric Eel

DRAIN CLEANING TOOLS FOR PROFESSIONALS

HIGH PRESSURE ELECTRIC & GAS EEL JET JETTERS

EJ1500

- Cleans 1½" – 4" dia. drain lines
- 1500 PSI / 1.7 GPM
- 1.5 H.P., 15 AMP motor
- Duplex pump w/pulsation
- Reel capacity 150' of 1/4" hose
- Pump/motor assembly removes in seconds for added portability
- Sturdy 10" pneumatic tires for ease of transport
- Thermal relief valve and inlet shut off valve
- Removable handle/reel on cart assembly
- Utilizes 1/8" & 1/4" dia. jet hose
- 20' power cord w/GFCI.

EJ3000

- Cleans 2" – 8" dia. lines up to 300'
- 13 HP overhead valve engine for smooth quiet running and dependable operation – **Electric Start Available**
- 2-to-1 gear reduced triplex pump with pulsation for longer life
- 300 Ft. Capacity Hose Reel
- 12" pneumatic tires for easy maneuverability on rugged steel base with front bar for motor protection
- Heat shield to protect hose
- Convenient nozzle storage on unit
- Throttle back control automatically adjusts engine speed
- Low tone muffler for quiet operation
- Utilizes 1/4" and 3/8" dia. jet hose.

Pipe Thawing Machine

Thaw frozen pipes fast!

- Thaws lengths of copper or steel pipe up to 75' depending on O.D. of the pipe
- Faster than a torch, safer than a welder
- Thaws pipes by safe, low voltage, high amperage power
- 2 Models available: UES 190D & 200D
- Standard equipment includes 115 V power pack, Two (2) 25' heavy-duty cables with pipe clamps, and a circuit breaker to protect against overloads.

PIPELINE INSPECTION SYSTEMS

CAM pro

Camera

- Rugged stainless steel housed 1.68" dia. self-leveling color camera with sapphire lens, 20 LED light ring and high resolution CCD element
- Flexible camera spring designed to navigate 3" P-traps
- Industry standard 512HZ sonde

Monitor

- Detachable 8.4" LCD monitor with AR film for optimal viewing in sunlight; housed in a weather-proof hard case
- One-touch recording to a built-in 320GB hard drive or a USB flash drive
- Easy navigation menu and transfer of MPEG recording files to your personal computer/ laptop with USB ports
- 2 hour NiMH battery with built-in charger and power display
- On screen footage counter
- Voice over recording capability and 16 pages of text writing

Reel & Frame

- Standard with 200 ft. of Kevlar braided ½" diameter push rod
- Rugged powder-coated steel tube and bar construction
- 8" wheels for easy maneuverability

NEW

NEW

CAM ace

Camera

- Rugged stainless steel housed 1.68" dia. color camera with sapphire lens, 20 LED light ring and high resolution CCD element
- Flexible camera spring navigates 3" P-traps
- Industry standard 512HZ sonde
- Camera option: 1.23" dia. color camera for inspecting 1½" to 4" lines; negotiates 2" plastic P-traps and 1½" 90° bends

Monitor

- 5.4" LCD monitor with AR film for optimal viewing in sunlight, encased in an anodized aluminum housing mounted to the reel
- Video output jack for recording option

Reel & Frame

- Rugged and portable powder-coated steel frame
- Standard with 125 ft. of Kevlar braided ½" diameter push rod

LF2000

Locates 512Hz sondes in cast iron and non-metallic lines

LF2200

For use with Buzz Box and multiple frequency sondes

Buzz Box

- Traces utilities or other underground metallic lines
- Complete with cables and ground rod
- Operates at four industry standard frequencies
- Compact and durable weather-proof case

Closet Auger

- 3' music wire cable for greater flexibility
- Heavy-duty zinc plated construction
- Protective tubing helps prevent marring of toilet bowl

Hande (1"-2½" lines up to 35')

- Opens clogged sinks, lavatories, bathtubs and shower stall drains
- Heavy-duty steel drum holds up to 35' cable
- Runs ¼" and 5/16" diameter cable
- Convenient thumb screw locks cable securely

Cables for every need

- Self-feed **Dual Cables** for 3"-10" lines available in regular, heavy-duty and municipal
- **J Cables** with dual cable benefits for 2" - 4" lines
- **Tri-Max** ¾" or 5/8" cable with slot or keyhole end fittings to fit most drain cleaning machines
- ½" **Aircraft Wire Reinforced Cables** with front & rear fittings (available in **No Core**)
- **Aircraft Wire Reinforced Cables** (5/16" and 3/8") for use with Drop Head series tools
- **Expanded End Aircraft Wire Reinforced Cables** with bulb end & no rear fittings (5/16", 3/8")
- **Expanded End Cables** to negotiate pipe traps & drain cross bars (¼", 5/16", 3/8")
